# SPRINGFIELD NUMERICAL DIRECTORY

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)
The abbreviation "r" between the street number and the name signifies "rear."
The word "vacant" after a number signifies that the house, office or store at that number was vacant when canvass was made.
△Indicates telephone at this number.
"Right odd" after street description indicates odd numbers on right side of street.
The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
